REMARKS

By this Amendment, claim 31 is revised to place this application in condition for allowance. Currently, claims 24-57 are before the Examiner for consideration on their merits.

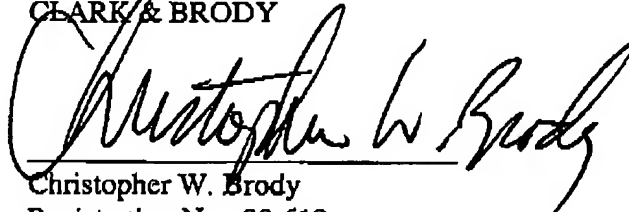

This Amendment is being submitted to correct a problem in claim 31. In the previous 116 Amendment, claim 31 was revised. However, in this revision, the term "totally" was inadvertently not removed from the claim. This Supplemental Amendment corrects this error and should be entered since this filing is addressing an informality in claim 31, and also removes any question of indefiniteness so as to place the application in condition for allowance.

Accordingly, this Amendment should be entered along with the February 21, 2006 Amendment and this application should be passed onto issuance.

Again, reconsideration and allowance of this application is respectfully requested.

A petition for a one month extension of time is made and the petition fee of \$120.00 should be charged to Deposit Account No. 50-1088. Please charge any shortages or credit any overpayments to Deposit Account No. 50-1088.

Respectfully submitted,
CLARK & BRODY
